

2012 National Jamboree Shakedown

This is an exciting opportunity for you to be among the first to camp at the Summit Bechtel Reserve and to play an important role in the final planning process for the 2013 National Scout Jamboree. You'll live in and help test Jamboree campsites, facilities, and program elements. The particular program elements to be included will primarily be those that are new to the Summit and are not intended to represent all of the program elements to be offered in 2013. Program elements (subject to change) include rappelling, canopy tour, zip lines, BMX, skateboarding, mountain biking, shooting sports, white water rafting, and technical rock climbing.
