What is Kodiak Challenge?

The Kodiak Challenge is oriented around a week long high adventure trek setting with leadership training and involvement woven into the adventure. The course prepares the Boy Scout or Venturing Scout to be a “servant leader” as they lead their peers.

The course is designed to be relevant to the participant’s life, to become internalized, is based on the servant leader concept, and is held in an outdoor setting, but most of all, it’s FUN!!

VENTURING BSA

The Kodiak Experience

The course consists of five trek days where one leadership skill is learned per day, and a final component to teach reflection and evaluation of the Scout’s performance.

It pushes the boundaries of every Scout and will encourage trying new things that may be out of a Scout’s comfort zone.

The Kodiak Challenge is not about the trek; it’s about leadership skills.

VENTURING BSA

Challenging One’s Self!

Kodiak Challenge is not a classroom delivery of leadership skills. Rather, it allows every Scout’s to grow in their abilities as a leader during an adventure that tests them mentally and physically.

There 7 leadership skills taught on the trek.

1. Communication
2. Team Development
3. Inclusiveness
4. Values
5. Servant Leadership
6. Planning
7. Vision
